[Panel of Judges meet to evaluate results.](#)

13/6/2007

The panel of Judges committee has met today and the meeting was chaired by Professor Mazen Rasheed, Head of Human Resources Department at college of Business Administration, King Saud University. The committee will review the survey methodology, its implementation and verify the results collected online and offline to rank the companies according to their results. Dr. Mazen confirmed that all companies received a fair and appropriate evaluation and that appropriate reliability checks were implemented to verify the accuracy of the data. The program Manager also added that phone calls and individual interviews have been conducted randomly for a large number of employees from participating companies to ensure that the employees had a good chance to express their opinions freely and openly.

[HR Practices assessment launched](#)
